*Have You Ever...*

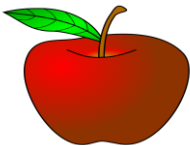

For the safety of the children, Flip Flops and Opened Toed Shoes are NOT allowed in the building.

***Dyed Flowers?***

This simple cheap experiment is a terrific way to extract curiosity from your children. Just take water dyed with food coloring and place the stems of white flowers in the water. Just wait for 5-7 days and as the flowers extract water the flower will change colors.

Teacher's Appreciation Week

May 1-5

Bright Ideas is an amazing and loving place for your children because of our teachers. Please let your child's teacher know how much you appreciate how hard their work.
