Director's News

It has been one hot summer so far and Bright Ideas wants to kick off a summer of fun in the sun! Last month we received a visit from McGruff the crime dog and talking car. The children enjoyed learning about safety and what to do when encountering a stranger. I am looking forward to the fun filled month of July!

PLEASE TURN OFF YOUR CAR

It is very hot outside. Everyone has the thought that I will just run in and pick up my child. Since it will only take a minute, I'll leave my car running so that it will stay cool. I understand that logic. However, you are required to turn the car off. Accidents can and do happen. Please be safe. Turn off your car.
